1 Identification of substance

Product details

Trade name: **Wood Cleaner**

Application of the substance: *House and Garden*

Preparation

Manufacturer / Supplier:

*Restorers Limited
Unit 16 Argyle Factory Street Estate,
Hull, East Yorkshire, HU3 1HD*

Informing department: *n/a*

Emergency information:

Tel.: +44 (0) 1482 606864

2 Composition / Data on components

Chemical characterisation

Description: Aqueous blend of wax additives.

Dangerous components:

<i>CAS-No.Designation</i>		<i>%</i>	<i>Index R-phrases Xn, N, 10,65,66, 51/53</i>
<i>(64742-82-1)</i>	<i>White Spirit</i>	<i>0 – 10%</i>	

3 Hazards identification

Hazard designation: *Irritant Flammable*

Information pertaining to particular dangers for man and environment:

Classification system:

The classification is in line with current EC lists. It is expanded, however, by information from technical literature and by information furnished by supplier companies.

4 First aid measures

Avoid contact with eyes and skin..

After skin contact:

Immediately wipe off substance and wash with plenty of soap and water.

After eye contact:

Rinse eyes for at least 15 minutes under running water with eyelids held open. Immediately consult a doctor.

After swallowing: *. Seek immediate medical advice. Give nothing by mouth*

After inhalation: *Supply fresh air and consult doctor.*

5 Fire fighting measures

- Suitable extinguishing agents: *Foam, water spray, CO2, Dry Powder*
- For safety reasons unsuitable extinguishing agents: *Do not use water jet*
- Protective equipment: *No special measures required*
- General advice:

6 Accidental release measures

- Person-related safety precautions\; Clean up spillages immediately.
- Measures for environmental protection: *No special measures required*
- Measures for cleaning/collecting: *Absorbent material*
- Additional information: *Carbon Monoxide may be released.*

7 Handling and storage

- Handling Avoid prolonged useage
- Information for 'safe handling: *Wear Suitable PPE*
- Information about protection against explosions and fires:
No special measures required
- Storage
- Requirements to be met by storerooms and containers: *Store in a cool ventilated area.*
- Information about storage in one common storage facility:
- Further information about storage conditions: *Keep containers securely closed and dry and frost-free*
- Storage class:
- Class according to regulation on inflammable liquids:

8 Exposure controls and personal protection

- Additional information about design of technical systems:
No further data; see item 7
 - Components with critical values that require monitoring at the workplace:

<i>CAS-No.Designation of material</i>	<i>Value</i>	<i>Unit</i>
---------------------------------------	--------------	-------------
 - Additional information:
 - Personal protective equipment:
 - General protective and hygienic measures:
The usual precautionary measures should be adhered to in handling the chemicals.
 - Breathing equipment: *Not required*
 - Protection of hands: *Nitrile gloves*
 - Penetration time of glove material:
The exact break trough time has to be found out by the manufacturer of the protective gloves and has to be observed.
 - Eye protection: *Wear safety goggles when working above eye level of if there is danger of splashing.*
 - Body protection: *Protective work clothing*
-

9 Physical and chemical properties:

- Form: *Viscous Liquid*
- Colour: Opaque
- Smell: *White Spirit / slightly waxy*

	value / range	unit/ marks	Method
pH-value (T=23 °C)	na		
Melting point/Melting range	Not determined		
Boiling point/ Boiling range:	100		
Flash point:	62oC		
Self-in flammability:	Not applicable		
Vapoe density (T=20°C)	Not Applicable	kg/m ³	
Solubility (T=20°C)	Dispersible		
- Water solubility			

10 Stability and reactivity

- Conditions to be avoided:
No decomposition if used according to specifications
- Dangerous reactions: *No dangerous reactions know*
- Dangerous products of composition:
- None if handled and stored properly*

11 Toxicological information

- Acute toxicity: Low Toxicity
- Primary irritant effect:
- On the skin: Low Toxicity
- On the eye: *Irritant effect*
- Sensitisation: *No sensitising effect known*
- Additional toxicological information:
- The product is subject to classification according to the calculation method of the General EC Classification Guidelines for Preparations as issued in the latest version:*

12 Ecological information

- General notes:

Water hazard class 1 (Self-assessment): slightly hazardous for water. Do not allow product to reach ground water, water bodies or sewage system.

13 Disposal considerations

- Product:
- Recommendation:
Smaller quantities can be disposed of with household waste or commercial waste.
- Unclean packaging:
Recommendation: *Disposal must be made according to official regulations*
- Recommended cleaning agent: *Water, if necessary with cleaning agent*

14 Transport information

- Transport / Additional information:
Not classified as dangerous goods as per above regulations

15 Regulatory information

- Designation according to EC-guidelines:
*The product is subject to classification according to the calculation methods of the „General Classification Guideline for Preparations of the EC“ as issued in the latest version.
Observe the normal safety regulations when handling chemicals.*
- Code letter and hazard designation of product: Non Hazardous
- Hazard-determining components for labelling:
- R-phrases:
10,65,66,51/53 -
- S-phrases:
S 24, 23 *Avoid contact with skin and eyes*
S 26 *In case of contact with eyes rinse immediately with plenty of water and seek medical advice*
S 37/39 *Wear suitable gloves and wear safety glasses*
Is the product available for everybody, then as well:
S 61, 62
S 2 *Keep out of the reach of children*
S 46 *When swallowing catch up immediately medical advice and show packing or label*

National regulations:

- Classification according to VbF: *Void*
 - Water hazard class:
Water hazard class 1 (Self-assessment): slightly hazardous for water
 - UVV: *"Application of coating materials"*
